The Northfork was on another "rampage" yesterday.

Hearst may likely be used to inter the Democratic party.

The rain put plowing back for another week or ten days.

Plowing was in progress in the county, but the rain put a stop to it.

Mrs. Luther Bratton died a few days ago at her home in Fleming county.

By way of a change, there was a liberal rainfall yesterday, last night and this morning.

It is reported that Dr. Louis Marshall may settle at Washington for the practice of his profession.

Mrs. O. B. Stitt will show a new line of hats each day during this week. Saturday, children's day.

Elaborate preparations are being made for Easter Services at the Church of the Nativity, which will be attended by Maysville Commandery No. 10, K. T.

A party had the Newt Cooper out yesterday afternoon on a duck hunting expedition. Owing to the misty weather it is doubtful about their bagging much game.

The "green goods" scoundrels have broken out again, a number of enticing letters being sent to parties here. None but an 18-karat fool will be caught by these thieves.

Supposing the rain of the past twenty-four hours to have been general from here to Pittsburgh, it will start the river up again and perhaps it will reach a dangerous height.

Mrs. M. C. Russell has proven herself the champion lemon grower of this section. From her indoor plant she has just harvested a monstrous lemon weighing 14½ ounces, of delicious fragrance, and one of the largest specimens of the fruit ever exhibited here.

A man by the name of Dora, whose home is in Pendleton county, was stricken with apoplexy yesterday afternoon while sitting in the Post-office at Mayslick. The man came to this county looking for work. He was removed to Dr. Downing's office at Mayslick and this morning was reported in an extremely critical condition.

YOUNG LADY WANTED

To learn Typesetting. Apply at this office.

FUNERAL POSTPONED.

The funeral of Miss Eliza J. Clark will take place at 2 o'clock Friday afternoon from her late home in East Front street, the Rev. Dr. John Barbour of the First Presbyterian Church conducting the services.

James Price of Cincinnati, wanted here in connection with the attempted hold-up of Engineer Kincade, was brought up from the Newport Jail by Chief Donovan at noon last night.

Mr. John F. Pogue, now in San Francisco, has sent an order for four carloads of the H. E. Pogue Distillery Company's product, which will be shipped in a few days,—with more to follow.

A report was circulated this morning that a Negro deckhand had fallen off the Virginia while at the wharf and drowned. As a fact a barrel of whisky was lost off the boat and that a dozen of them had not lost their lives in an endeavor to land it, is the most surprising of all.

SINGULAR ACCIDENT

Mr. Clyde L. Outten Gets an Ugly Fall Last Night

Mr. Clyde L. Outten, son of Mr. and Mrs. William O. Outten of Limestone street, met with an accident last night similar in character to that which befell Charles H. White several weeks ago.

As to how it occurred remains a mystery, as the young man has been unconscious ever since he was found.

He is a member of the Redmen's Band and was present at a meeting held in the second story of the Ort Building in Second street last evening.

Mr. Robert Pollitt was on the first floor when Clyde entered the building, but has not a clear understanding of the accident. He heard a noise when the young man is supposed to have fallen into the elevator shaft but attributed it to some other cause.

How he wandered and threaded his way through the many buggies that lined the first floor and then dropped into an elevator shaft that had a bar in front as a protection against just what happened may never be known.

He was found about one hour after in a leaning position inside the carriage of the elevator.

He was taken to his home in Limestone and Dr. Yazell called in. He has a cut in back of head, a contusion on his forehead, hands bruised and back hurt. He was in a stupor up to the time of THE LEDGER going to press.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

WATER QUESTION AGAIN.

Editor Ledger: The articles regarding the Water-works question that were published in Wednesday's issue of our two daily papers were to the point. It is in the power of our City Daddies to renovate this matter would they only act. On several occasions one or two of our Councilmen have brought this subject up, but it seems the other 11 or 13 members were not interested or did not care about the welfare of the people who elected them. As the Water Company is anticipating making the necessary improvements to give their patrons pure water why not let Council compel them to specify a time in which these improvements should be completed? The citizens pay for pure water and if it was not paid promptly the service would be cut off immediately.

Why would it not be a good idea for some of our substantial citizens to attend Council meeting next Monday night and see for themselves who shows any interest in this question? There are so very few things done that is of any benefit to the town that those who are working for improvements should get the credit.

WATER CONSUMER.

[THE LEDGER begs to suggest that probably the statement that the Water Company is preparing to build a filtering plant was premature; that one of the main troubles in Maysville is the unwarranted and enormous waste of water on the part of careless consumers; and further, that Council might discover some hindrances in the iron-clad ordinance-contract with the Water Company—formulated by a former able (?) Council—which prevents the doing of some things the Company might like to do.—EDITOR.]

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 50 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by J. Jas. Wood & Son.

In an opinion handed down Tuesday Attorney General Hays holds that the 50 per cent. of fines secured by a Commonwealth's Attorney in any year can only be used to pay his salary up to the \$4,000 limit fixed by the Statutes and that the surplus cannot be devoted to paying his salary for the succeeding year.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Feener, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by J. Jas. Wood & Son, Druggists.

JOSEPH RALPH BURTON, senior United States Senator from Kansas, convicted of bribery, can now sympathize with the lesser rascals who engaged in the so-called Postoffice frauds.

THE mere fact that Chinamen can't vote has nothing whatever to do with their exclusion from this country. Don't the scum of all Europe come here by shiploads—and don't they all vote?

WHEN United States Senators are convicted in open Court of bribery, it is little wonder that Dr. Paregoric Wood can be confirmed as a Major General in the United States Army, Jai-Alai-\$3,000-Silver-Service-Record and all.

THOSE Louisville citizens who were braised and lost property by the recent storm in that city must have been greatly relieved when the Government Weather Maker assured them officially that it was not a cyclone, but simply plain wind, that did the damage. There's nothing like style and redtape to ease one's suffering.

GOVERNOR BECKHAM'S Attorney General HAYS ripped the Governor up the back for vetoing a bill passed for the benefit of the Attorney General's office; then Governor BECKHAM ripped Attorney General HAYS wide open in return; and now Attorney General HAYS promises to rip up what is left of Governor BECKHAM and to pour salt in the ribs—making altogether one of the smartest Democratic family fights ever pulled off at Frankfort.

THE article of Mr. SAMUEL HOPKINS ADAMS in McClure's Magazine reviewing the Caleb Powers Case is illustrated with three pictures—Judge CANTRILL, Perjuror YOUTSEY and Hon. CALEB POWERS. If any unprejudiced man will look at these three faces he will be impressed by the contrast. CANTRILL has the eyes of a snake, YOUTSEY the "mug" of an imbecile, while the countenance of POWERS is an open book.

It's a long lane that has no turn; and it must be gratifying to every lover of justice to know that at last, after four years silence, some of the most prominent Northern publications are finding out that CALEB POWERS is a persecuted man, and that certain Kentucky Courts are honey-combed with political hate. Within the past few weeks the cause of Mr. POWERS has been taken up by such noted writers and journals as SAMUEL HOPKINS ADAMS in McClure's Magazine, Harper's Weekly and "The Widow" in Town Topics. It is an interesting coincidence that Harper's Weekly has had strong Democratic leanings for twenty years and is controlled by one of the leading Democrats of the East; that Mr. ADAMS says he is and always has been a Democrat, and that Town Topics is owned and edited by an unreconstructed Confederate Democrat from Alabama, whose Democracy is so much a part of his being that it oozes out all over his popular weekly publication, notwithstanding the fact that it is primarily a society and not a political journal.

AFTER MANY YEARS

Two Old Residents Harmonize After Fifty Years Estrangement

One day this week there was a reconciliation between two of the oldest residents of the Sixth Ward, who have been harboring resentment one for the other for fifty years.

A sister and brother-in-law fell out over a trivial matter and all these years have been as strangers to each other, passing one another on the streets in perfect indifference.

The lady is 76 and the gentleman 86.

Bent with the weight of years, and realizing that perhaps their tenure of life was drawing to a close, the spirit of the Master came unto both—as ye would have done unto you do ye also unto others.

It is never to late too do right, and in this instance both have acted in an eminently proper and Christian manner.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver; and all the fine spirits ever made in the Bluegrass State could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower, the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.

FOR THE ARMY

Maysville Boys Who Will Don Uncle Sam's Toggery

There are many idle worthy young men in this city who could better their condition by enlisting in the United States Army. It is an erroneous idea that prevails in some quarters that a man who enlists in the Army is taking upon himself hardships and servitude other than what comes to him in the battle of life in any vocation he may choose.

The Army is a school that is beneficial to the honest, worthy soldier. In this connection we may cite Michael McQuinn, the Recruiting Officer now here, who has been one of Uncle Sam's boys in blue for the past twenty-five years, and who is the picture of health with the bearings of a gentleman.

In the past few days Mr. McQuinn has added the names of the following Maysville boys to Uncle Sam's payroll—George McDonald, Charles T. Norman and Jasper Edding.

James Purdon has moved his family from Ripley to this city.

There will be Holy Communion at the Church of the Nativity at 7 o'clock this evening.

Lyman H. Howe exhibition of moving pictures will be seen at the Opera-house on Friday, April 8th. Many of the pictures are shown in the original colors, an achievement this season of the photographic art. If you have never seen a Howe exhibition try the one that is coming and you will ever afterward be a patron on his semi-annual visits. Mr. Howe is the original American exhibitor and he has the best pictures from the best photographers in all parts of the world.

The Ledger's Account of Automobile Accident Verified at Last

THE LEDGER some days ago contained an account of an automobile accident a few miles back in Ohio, which has since been pronounced a fake by The Bulletin and other papers.

The following from yesterday's issue of The Ripley Bee verifies THE LEDGER's news item, as given in by a gentleman at this office on the day of the accident; and not only verifies the item, but gives the address and present condition of the gentlemen who were hurt—

"Joe Day of this township and Dr. Gilfillan of New Richmond met with an accident last week near Bentonville, O., in which both were thrown from an automobile and considerably bruised up. Joe is able to be out, but the Doctor was more severely injured and is confined to his home at New Richmond."
